RADICALS.-In compliance with the request of some of our readers we republish an article hich appeared in the Guzette of the 14th of ast June:

#### An "Endorsement" from Alexandria. ALEXANDRIA, VA., June 11, 1866.

Jon. Wm. Pitt Fessenden, Chairman, and the Members of the Reconstruction Committee of

GENTLEMEN: The undersigned, loval citizens Virginia, (some of whom are native born, and we say this in consequence of the constant nisrepresentations of the disloyal a ress of the prove the action of Congress, are not citizens, out adventurers,) beg leave to return you our hanks for the able and comprehensive report which you have made to Congress.

We do not think that those who took up arms to subvert and set at naught the authoriy of the United States, or those who sympahized with them, and did not take up arms, but urged the thoughtless and inexperienced to do so, could expect more lenient measures than hose which you have proposed; nor do we hink it safe and just to the loyal people of the country that less should be required.

The 3d article we consider wise and prudent. That provides that those who held office under the Confederate Government or any State govroment in rebellion to the United States. chould not be permitted to hold office now under State or General Government, unless rejeved of the disqualification by a two-thirds and abusive language towards rote of Congress. This will effectually debar postponed until next Monday. he leaders of the retellion, to some extent, and be a just and by no means excessive punshment-as deceiving the people and holding office has been their occupation for many years orsi. It will be a solemn warning to all leaders hereafter to walk circumspectly.

A STATIC CHOLERA. PREVENTIVE AND CURATIVE.

The cause of Cholera is always found in a de anged state of the digestive fluids, particularly the bile which has been put in disorder by climatic or other atmospheric causes. The biliary duets are thus prevented from fulfilling their functions, and consequently the whole circulation is thrown into disorder. The more one's system is thus deranged by unhealthy eatables. or irregular habits of living, the more easy will we become the victims of ASIATIC CHOL-

Asiatic Cholera is a terrible complaint; it takes its victims with a rapidity unknown to any other malady; the slightest neglect against sanitary rules is almost surely punished with death. Yet Cholera is curable, like other diseases, and in this Elixir we possess a remedy which is perfect safeguard against it. Experience in thousands of cases, particularly in 1850, in Germany, and in the Cholera season just past in Paris, Constantinople and other cities of Europe. has proved the use of PROF. WUNDRUM'S CHOLERA ELIXIR the surest preventive

against the malady. A large stock, imported directly from Germany, just received from the Custom House in New York. Put up in Bottles of two sizes, at 50 cts. and \$1.00 each. JANNEY & CO., Ag'ts, 145 King street.
